

Christmas a bit much?

After all the food, festivities, ho, ho, ho, and perhaps a church service thrown in, do you ever wonder why all the bother?

It certainly doesn't seem worth it for the commercial excesses all around us.

But what if it was really about God becoming human?

What if the ancient prophecies that God would be with us to show us what God was like and how to live in a way that pleases him were true?

That would be worth celebrating. We think that is what Christmas is really about and we'd love to discuss it with you. On the back of this card are ways we can connect.
