

ELCA DISASTER RESPONSE
U.S. SEVERE SPRING STORMS

MARCH 2012

www.elca.org/disaster

Deadly storms raced across the Midwest and the South recently, spawning at least 64 violent tornadoes that killed more than 50 people and injured many more in 14 states. Hundreds of homes, farms and businesses were damaged or destroyed during the outbreak.

Currently, ELCA Disaster Response is monitoring the situation and gathering information. Local agencies and ELCA congregations are coordinating volunteers for cleanup efforts and providing spiritual care.

Your help is needed today to bring immediate relief and ongoing support to communities affected.

Gifts designated for “U.S. Severe Spring Storms” will be used in full — 100 percent — to help disaster survivors clean up and recover.

Donations to the undesignated ELCA Disaster Response fund help us respond immediately and effectively — where it is needed most. Because of your generous offerings of prayer and financial support, the ELCA walks alongside disaster survivors on the road to recovery. Thank you!
