It makes much more sense than you might imagine.

In many cultures bunnies symbolize life, rebirth, and the tradition of a spring bunny bringing gifts to children.

The cross, though once a tool for a tortured death, because of Jesus, has become the symbol of eternal life,

possible because Jesus rose from the dead.

The Easter bunny tells a story of abundant life, giving, joyful living, pictures of the reality that Jesus made possible on the cross.

Join us for our Easter celebration—we've got bunnies and candy for the child in all of us, but we'll also share about the creator of bunnies, and all things joyful and life-giving—Jesus.

how dark is your life?
have you lost your
job, security?
money, status?
friends, family?
health, happiness?
hope?
when jesus died, the disciples lost
their leader, healer, friend, future
they hid in fear, without hope.
but the dawn came on the third day
and everything changed.

It can change for you—join us this Easter
and let us share how.

Music is inspiring and candy is delicious, but we'd like to invite you to a serious presentation and opportunity for discussion about the true meaning of Easter.

No gimmicks, fluff, or marketing an empty message.

We believe that Jesus lived, died, and bodily rose from death. We have historical, legal, philosophical, and scientific reasons why we believe this and we would like to share them with you.

Not to win an argument, but because we believe the eternal destiny of every person depends on how you respond.

We all are.

It may not be as obvious as a child's search for candy and Easter eggs, but we all search for something often undefined, but never gone from the whispers in our mind when all around us is quiet.

To satisfy our search we collect experiences, toys, relationships, but after all that, often come to the same conclusion as did C.S. Lewis:

If I have found a desire within myself that no experience in this world can satisfy; the most probable explanation is that I was made for another world.

Easter is about the other world, the other life Jesus makes possible.

**BE
FOUND**

Most of us go through life searching for something—

Success

Love

Experiences

Self-fulfillment

....all good things, but seldom do we quit searching even after we find them.

The extraordinary news of Easter is that life is that we can quit searching and allow ourselves to be found by Jesus.

That's what He died and conquered death for—to bring the creation He loved back into a relationship with our Creator.

This Easter join us and learn to rest and learn what it means to let Jesus find you.

What do you think your life would be like if you believed in the Jesus?

Boring? Constricted? An endless series of don't do this or that? Intellectual suicide?

At Easter, consider. . . .

Christians claim that Jesus conquered death. If that's true imagine what it would mean to become a friend and follower of Jesus, Someone, totally and eternally ALIVE?

Someone who spoke and the worlds, galaxies, stars, and starfish, came into being?

Someone who, when he walked the earth, played with children, was a great party guest, healed sick people, loved enough to die for all of us.

Challenging, exciting, never-ending and never alone—more than you can ever imagine is the life you can discover this Easter, in Jesus.

Experience

Hope!

Experience

Hope!

It seemed hopeless when the disciples of Jesus said, "It's been three days." Three days since they saw him die.

Three days.

Three days may not seem like much, but it is an eternity when every hope you had for the future died when Jesus died.

What they didn't know was that the morning of the third day Jesus broke the shackles of sin and death and is forever alive. They just didn't know it yet.

The resurrection is true. Hope is alive!

Join us on Easter and let us share the good news of hope forever with you.
