Files for Home & Church Office printing

This is a somewhat arbitrary separate grouping of images, but I've found these sizes most useful for my own printing at home because the 8.5 x 11 and the A4 fit the standard paper sizes most home and church offices have. The finished prints then fit well into standard, inexpensive frames from Dollar Stores and similar places.

You can simply print out either one of these in the PDF format as is. The jpgs are 300dpi high resolution and can be resized as desired.

A highly recommended use of these images would be to simply print them out as is and change them on a regular basis in sign-holders around the church to remind people to either get into God's Word or to think about "whatever is true, noble, right, pure, lovely, admirable, excellent or praiseworthy" (Phil. 4:8).
